Paul will be participating, but may not be in the room, as previously discussed. I will be there as well.

Did you all decide if Paul is going to attend the meeting today? If he is, I should probably plan to call-in. Let me know.

Ex. 5 - Attorney Client

He asked to join us in Seattle for the May 14 meeting, understanding that his client, as well as NOAA and EPA HQ, will be on the phone. He made a pitch for the effectiveness of in-person meetings. We can talk about this at 9/noon.

Where: Conference line **Non-Responsive** Seattle, Christine's office

Hi Everyone – 9-10am PST/12-1PM EST is the best time for the most people for tomorrow, and I'm hoping that people can rearrange their schedules to come to this meeting. The conference line is **Non-Responsive**. We're aiming in tomorrow's call to get to agreement or get close to agreement on how we'll talk with NWEA on Wednesday's call. So when you see below, #2 is what I think we need to focus the conversation on. I expect others will chime in if you disagree.

Here are some of the take home messages I heard from the call today. I'm going to use some wrong legal terms, so feel free to correct, but hopefully, it gets to the spirit of what we discussed. :

All options are challenging, but there are different options that may work for NOAA and EPA.

Ex. 5 - Attorney Client

That's it. We didn't get to touch base on the Congressional letter, but will do that after we answer this question and I'd assume after our call with NWEA on Wednesday. Thanks! I'm out of the office this PM for an afternoon meeting, but will check my emails later this afternoon. - Jenny
